and discuss!

# Book Club

Come join a fun lively bunch of science, nature and outdoor lovers! We pick diverse books about local culture, history and relevant science to read and discuss with feedback and input from our group.

A book list is released quarterly in our email newsletter and on social media. We meet to discuss one book a month, and we welcome anyone interested in participating in the discussion (even if you haven't read or finished each book).

Previous selections: *The Nature Fix*, *Bug Music*, *Chasing Dr. Doolittle*, *The Life History of a Texas Birdwatcher*, *Kraken*

- This program is FREE of charge and open to individuals and families.
- Walk-ins are welcome, there is no need to register.
- Book schedule and discussion times are posted via our Facebook page as events.
