## **Dr. Elda E. Sanchez** - National Natural Toxins Research Lab Texas A&M University-Kingsville

The National Natural Toxins Research Center (NNTRC) researches toxicology of snake venom and has funding from the National Institutes of Health/Viper Resource Center. The NNTRC is organized to support basic and translational research on venomous snakes and snake venom. Dr. Sanchez has worked at the NNTRC for 26 years and will share with us past and present research and future directions for the lab.
