Turtle time! Sea turtle identification and adventures.

Come for family fun at the Oso Bay Wetlands Preserve as we continue our Wetlands Workshop series hosted by the Preserve and Harte Research Institute. We will learn to identify the sea turtles of the Gulf of Mexico and map the migration route of a female Kemp's Ridley. These activities and the short presentation will inform participants about the unique lives of our beloved Texas sea turtles!

- Program is free and designed for ages 6 and older.
- Online registration is required at <http://register.ccparkandrec.com>.
